

Bogoljub Karić (Profile)

Media and Telecoms Mogul

Serbian businessman Bogoljub Karić has recently been revived by the current ruling elite, after having spent 10 years in Moscow in an attempt to evade the Serbian authorities, and Interpol. Believed to have been close the inner-circle of Slobodan Milošević, under whom his commercial interests would have benefited significantly, Karić has most recently publically declared his admiration towards President Vučić. Interestingly, this emerging informal alliance seems to be giving Karić renewed economic leverage in Serbia.
