

Milorad Dodik (Profile)

President of Republika Srpska

The most powerful politician of the Republika Srpska is highly exposed to Moscow's foreign policy in the Western Balkans. Once described as a key ally of the West in Bosnia, Dodik has remained in power since 1997, a situation that has indeed triggered allegations of abuse of power. Dodik appears to have developed a clientelistic network that has secured his political power, as well as alleged personal economic benefits.
