

## Hisham Badawi (Profile)

### **Chairman, Accountability State Authority**

*Occupying the role previously held by Hisham Geneina – Egypt’s anti-corruption ‘champion’ – was never going to be an easy feat. Hisham Badawi’s first and foremost concern is navigating the political forces which ostensibly dominate the state’s accountability bodies, creating barriers to independent and transparent decision making. The integrity of the ASA, along with that of Cairo’s other auditing bodies, raise several red flags for parties vested in Egypt.*

*Included with a profile is an indicative graphic of the ACA’s remit.*
