**Chairman: United Bank of Africa, Heirs Holding, Transcorp**

*Tony Elumelu is one of Africa's most influential businessmen, boasting connections with both business and political leaders across the continent. A banker by profession, Elumelu is the CEO of United Bank for Africa (UBA) – one of Africa's largest financial institutions – but is also the founder of the Tony Elumelu Foundation, an African-funded philanthropic organisation, dedicated to encouraging entrepreneurship across the continent. However, Elumelu's successes in both the banking and philanthropic sectors have been marred by unfounded accusations of money laundering.*
